Subject: Bill H-5351

I am writing to express my strong support for aesthetic nurses to be able perform their skills in the state of RI. I have trusted my aesthetician for several years and wouldn't want to have to switch practices or to be inconvenienced by traveling to another state.

I have known this wonderful person and her practice for quite some time and I trust her completely. She is skilled in her field and my confidence in her education puts me at ease when I am under her care.

Please support this Bill 5351 and protect my right of choice.
