Subject: Support Bill H-5351

I am writing to express my strong support for Bill H-5351. As an aesthetician, I am deeply passionate about making a difference in the lives of my clients. Without the passage of this bill, I will face significant restrictions in my career, reducing both the scope of my work and the quality of care I can offer. This not only affects my professional growth but also my financial stability.

It wasn't until I ventured into medical aesthetics that I truly found my purpose. The journey has been one of self-discovery, where I've had the privilege of connecting with so many incredible individuals and making a real impact in their lives. Helping others feel confident and comfortable in their own skin has been fulfilling in a way I never imagined. I feel especially fortunate to work under skilled medical professionals at Aspire Dermatology such as Dr. Jason Michaels, alongside many other amazing medical providers. Their guidance and mentorship have taught me so much about being in a clinical setting, handling patient care, and practice safety. Their expertise has deepened my understanding of the responsibility we hold in this field.

I am fortunate to work with fellow aestheticians, Bethany Menard and Mary Polizzi, whose dedication and expertise have made a positive impact on our practice and the lives of our patients. We are all committed to continuing to provide the best possible care, and Bill H-5351 will allow us to continue practicing and make a greater difference.

I sincerely hope that you will consider the broader benefits of this bill and its importance for those of us in the aesthetic industry. I urge you to support its passage so that we can continue to make a lasting and positive difference in the lives of those we serve.

Thank you for your consideration.

Sincerely,

Amanda Blume
