### **Subject: Strong Support for Bill H-5351**

Dear Members of the Rhode Island House of Representatives,

I am writing to express my strong support for Bill H-5351. As a patient of Face First, LLC for the past 3.5 years, I have received exceptional care from Jane and her team. Their expertise, professionalism, and commitment to patient well-being have made a significant difference in my life, and I trust them wholeheartedly with my care.

If this bill does not pass, Face First, LLC and other similar practices could be negatively affected, potentially limiting the services they can provide. This would directly impact patients like me who rely on their specialized care. Having to seek treatment elsewhere would not be desirable, as I have built a strong, trusting relationship with my provider. The level of care and familiarity I receive at Face First, LLC would be difficult to replace.

I urge you to vote in favor of Bill H-5351 to protect access to high-quality care and ensure that patients like myself can continue receiving treatment from providers we know and trust. Thank you for your time and consideration.

Sincerely,
