Dear Members of the House Health and Human Services Committee,

I am writing to express my strong support for Bill 5351, which ensures that highly qualified aesthetic nurses can continue to provide the exceptional care that patients like myself have come to trust.

For over 10 years, I have been under the care of several aesthetic nurses at Ocean State Laser & Aesthetics, all of whom are highly skilled in assessing and developing safe, effective treatment plans based on my specific needs. The nurses are extremely knowledgeable, have always provided customized consultations and education prior to any treatments and have always made me feel extremely safe, comfortable, and confident. I fully trust their knowledge and ability. Each visit I leave in awe of the above and beyond service, support and professionalism I get and would be extremely disappointed and frustrated if I was no longer able to get treatments under their care.

Passing this bill is crucial to maintaining access to the high-quality care that I, and many others, rely on. If this bill were opposed, I would be forced to seek out another provider, which is both difficult and unnecessary given the outstanding care I already receive. If the bills is passed I will likely have to seek treatment outside of RI.

I urge you to support Bill 5351 to protect patient choice, continuity of care, and access to skilled aesthetic professionals. This legislation is essential to ensuring that patients can continue to receive safe, high-quality treatments from experienced providers they trust.

Thank you for your time and consideration.

Sincerely,  
Beth Stewart (401) 339-8519.
