Dear Clerk Steve Sepe,

I am writing to express my strong support for Bill H-5351 and to share my concerns regarding the potential consequences if it does not pass. As someone who relies on a specific healthcare provider for my essential services, I am deeply worried about the possibility of losing my provider of choice. This change would not only disrupt my current healthcare routine but also significantly impact my overall well-being.

Bill H-5351 is vital in ensuring that constituents like myself can maintain access to trusted healthcare services. I urge you to consider the far-reaching implications for individuals who depend on these services when making your decision. Your support for this bill would provide much-needed stability and security for those of us who could otherwise face unnecessary hardship.

Thank you for your time and consideration on this important issue.

Sincerely,

Brittany Manzi
