Subject: I SUPPORT BILL H-5351

To Whom It May Concern,

I am writing in support of companion bill H-5351 that propose all medical professionals and aesthetic professionals in Rhode Island may work and delegate to the full extent of their scope of practice.

As I continue my career in aesthetics, I believe it is important for me to select the aesthetic provider I wish to work with and represent. I am in full support of Kristina Tasca & Lexi Revis. Kristina has been a nurse for 7 years and has a Bachelors degree of science in nursing, as well as Lexi. I am in support of this bill passing because it is extremely important for my livelihood as an employee at Skin Society. Skin Society is a safe place that our clients value and love. All clients should be able to choose their own provider that they feel comfortable with.

Sincerely,
Chrisitina Amaral
