Subject: Support for Bill H-5351

To Members of the House Health and Human Services Committee,

I am writing to let you know that I support Bill 5351, which ensures that highly qualified aesthetic nurses can continue to provide the exceptional care that patients like myself have come to trust.

For more than 10 years, I have been under the care of the same highly skilled aesthetic nurse. She has consistently developed safe, effective treatment plans and provided evidence-based answers to my questions. I have always felt well-informed about any procedure. I have also witnessed firsthand the advancement of her expertise. I fully trust her skills, and I have never had a complication.

This bill is crucial to maintaining access to the high-quality care that I, and many others, rely on. If this bill were opposed, I would be forced to seek another provider, disrupting my continuity of care. It is difficult to establish this level of trust with a new provider, and it is entirely unnecessary, given the outstanding care I already receive. Given the very small geographic area we live in, I could end up seeking treatment in Massachusetts or Connecticut.

I strongly urge you to support Bill H-5351. This legislation is essential to ensuring patients like me will continue to receive care from trusted providers that demonstrate safe and high-quality treatments.

Thank you for your consideration.

Sincerely,

Christine Garro
