Subject: Strong Support for Bill H-5351

Dear Members of the Rhode Island House of Representatives,

I am writing to express my strong support for Bill H-5351. As a resident of Northern Rhode Island and a patient of Face First, LLC for over two years, I have directly benefited from the high-quality care provided by Jane and her staff. Their expertise and dedication have made a significant positive impact on my well-being, and I know I am not alone in feeling this way.

If Bill H-5351 does not pass, the services I rely on in Northern Rhode Island will be negatively affected. Limiting access to qualified professionals like Jane and her team would be a disservice to patients like myself who depend on their care. Their skills, experience, and commitment to excellence should be supported, not restricted.

I urge you to vote in favor of Bill H-5351 to ensure that patients continue to receive the quality care they need and deserve. Thank you for your time and consideration.

Best,
Christopher L. Gagne
