Subject: Letter of Support for Bill H-5351

Dear Members of the Rhode Island State Legislature,

I am writing to express my strong support for Medical Spas and the essential services they provide to the residents of Rhode Island. Medical spa services play a crucial role in improving the confidence and well-being of many individuals, and Inspire Medical Spa is a valuable resource and contributes to both physical and emotional wellness.

Dermatologists' offices often have long wait periods, which can delay treatments and limit access for those with serious medical conditions. I have personally seen long wait times to get medical patients into dermatology offices. Inspire Medical Spa helps bridge this gap by offering high-quality aesthetic treatments in a professional setting, without overwhelming dermatology clinics.

I urge you to recognize the important role medical spas play in our healthcare landscape and to support policies that allow them to continue providing these valuable services to our community. Thank you for your time and consideration.

Sincerely,  
Debra L Roberts, MD
