Subject: Strong Support for Bill H-5351

Dear Clerk Sepe,

I am writing to express my strong support for Bill H-5351, which is critical in protecting the scope of practice for nurses and estheticians in Rhode Island. As a sales representative in the medical aesthetics industry, I work closely with med spas and providers who rely on their specialized training and expertise to deliver safe, high-quality care to patients.

If this bill does not pass, it would not only impact the providers I work with but also directly affect my job and livelihood. Limiting the ability of these professionals to practice would create a ripple effect—reducing patient access to trusted providers, disrupting businesses, and threatening jobs across the industry, including mine. The passing of Bill H-5351 is essential to ensuring a thriving and competitive medical aesthetics industry in Rhode Island.

I urge you to support this bill to protect providers, businesses, and the many professionals like myself who rely on a strong, well-regulated industry.

Thank you for your time and consideration.

Best regards,

Dima AbuJubara
