House Health and Human Services

82 Smith St, Providence, RI 02903

Dear Rhode Island State Legislature,

I am writing to express my strong support for the proposed bill, **Bill H-5351**. This bill will positively impact local Medical Spas and aesthetic medicine, a business that I have been leasing to for a few years now. As a resident of Rhode Island, I believe that this bill is a crucial step toward maintaining the health and safety standards for medical spas and ensuring their continued success in our community.

These businesses provide essential services that contribute to both the physical well-being and mental confidence of many individuals in our area. Moreover, they support local employment and contribute to the local economy, benefiting both workers and their families.

Thank you for your time and consideration. I am confident that your support of this legislation will benefit not only our local Medspa but also the broader community. Please feel free to contact me if you need any further information or clarification.

Sincerely,

Jake McKay
