To Whom It May Concern,

My name is Justine Mancini, and I am writing in strong support of Bill H5351. I have been a loyal client of Citrine Aesthetics in Cumberland, Rhode Island, for the past two years. As a small business owner myself, I have proudly referred numerous clients to them because of their outstanding services and exceptional care.

It is deeply disheartening to learn that these highly trained and competent nurses are being restricted from performing aesthetic injectable treatments. Citrine Aesthetics is the best med spa in the area, and the team of professionals there is not only incredibly skilled but also dedicated to their craft and their clients.

I urge you to support this bill to ensure that these talented providers can continue offering the high-quality services their clients rely on. Please help keep these hardworking professionals in business.

Sincerely,
Justine Mancini
