Subject: ATTN: Steve Sepe-Support for Bill 5351

To whom it may concern,

I am writing to express my strong support for Bill 5351, which protects patient choice and ensures highly qualified aesthetic nurses can continue providing exceptional care.

As a long-time patient of Sarah Beatrice, I trust her expertise, personalized care, and commitment to my well-being. Her knowledge and skill have been invaluable in addressing my aesthetic concerns, and the continuity of care she provides is irreplaceable.

Passing this bill is crucial to maintaining access to the high-quality care that I, and many others, depend on. If this bill were opposed, I would be forced to find another provider—an unnecessary and disruptive change, given the outstanding care I already receive. It could even push me to seek treatment in another state, interrupting the continuity of care and trust I have built with Sarah. I urge you to support Bill 5351 to preserve patient choice and access to skilled professionals.

Thank you for your time and consideration.
