Subject: Re: Support of Bill H-5351

Hello, i was not aware this testimony would be posted publicly and searchable. Though that doesn't change my sentiment, i would appreciate if you could kindly redact my full name when posting.

Dear Rhode Island State Legislature,

I am writing to express my strong support for the proposed bill, Bill H-5351, This bill will positively impact local Medical Spas and aesthetic medicine, a business that I have been a patron of for over a decade.

I very much value and appreciate the level of knowledge and dedication to continuing education that the owner of my local medical spa and her staff bring to their aesthetic medical practice. They truly go above and beyond to keep up with the most current procedures and guidelines, offer individualized treatment plans for each client based on their unique personal preferences and anatomy, and offer cutting edge technology paired with expert knowledge on all of the services they offer.

I have been in the care of several aesthetic medical providers in Southern Rhode Island and Boston over the years, including prominent and seasoned dermatologists; I've found the standard of care, expertise, office environment and affordability offered at Medspas to be on par with/ exceeding that of the dermatologists I've had experience with.

I believe there's no reason to revoke the privilege of continuing to offer medical aesthetic procedures from those who have completed extensive training, proven to be qualified, and have built their businesses and livelihoods around this niche practice. I also believe finding a practitioner that you trust is a highly sensitive and personal choice, and hope that clients, including myself, won't have their current care discontinued.

Thank you for your time and consideration, please feel free to contact me if you need any further information or clarification.

Sincerely,

Kate G.
North Kingstown, RI
