Subject: Support Bill H-5351

Dear Clerk Sepe,

I am writing to express my strong support for Bill H-5351, which would allow nurses to continue performing cosmetic injectables in Rhode Island. As a loyal client of Citrine Aesthetics, I depend on the expertise and care provided by their skilled nurses for my Botox and skincare needs. If this bill does not pass, I risk losing access to my preferred provider, which would be a significant disruption to my personal care routine.

Please support this bill and ensure that nurses can continue delivering these essential services.

Thank you for your consideration.

Sincerely,
Kate SanBento
