To whom it may concern,

I am emailing today to state my concern of my employment. Due to the current situation if Bill H-5351 I may be in place of losing my job. If this bill does pass I will be losing my lively hood. I have spent dedicated hours of training and years of school to pursue this career. That being said, if I lose my job because my employer has to close her doors to her spa that has afforded me the ability to live I will be highly disgusted with the state of Rhode Island. This is nonsense and makes greed seem more important the livelihood of your residents, trusted providers, and traveling consumers.

I need this bill to pass. I cannot lose my job. Please have compassion and understanding- this is bigger than what it may seem.

If needed, you can contact me at 401-999-9050. My current living address is 68 Martin St. East Providence, Rhode Island 02914.
