Subject: I support Bill H-5351

To Whom It May Concern,

My name is Kerri Fiske, and I am a patient at Citrine Aesthetics in Cumberland, Rhode Island. I have received all of my cosmetic injectable treatments from their skilled providers and have always been beyond satisfied with their expertise and care.

As a registered nurse for 4 years, I have performed far more complex and high-risk procedures than these treatments. It is undoubtedly within a nurse's scope of practice to administer aesthetic injectables, especially when they have the proper certifications, knowledge, and expertise. It is heartbreaking to hear that these highly qualified professionals are being restricted from performing the services they are trained to provide.

I fully support Bill H5351 and urge its passage to allow these dedicated nurses to continue doing what they do best—helping their clients feel confident and cared for.

Sincerely,
Kerri Fiske
