Attention: Clerk Steve Sepe
Members of the House Health and Human Services Committee,

For years now I have been under the care of Sarah Beatrice NP and honestly trust no other with my aesthetic care. Please support Bill 5351 in protecting my right to choose who cares for my aesthetic needs. I really do not want to travel into another state or establish a relationship with another provider.

Thank you for your time, Lynn Hill 41 Cross Street, Westerly RI 02891 401-207-4912 Lynnsapes1@gmail.com
