Subject: Support For Bill H-5351 : Attention Clerk Steve Sepe

Dear Members of the House Health and Human Services Committee,

I am writing to express my support for Bill 5351 giving highly qualified aesthetic nurses the ability to continue to provide the exceptional care that I have come to rely on.

I have been with my current aesthetic nurse for 10 plus years and trust her beyond measure to take care of my needs. She is incredibly professional and extremely experienced in her field. She has always taken the time to educate me about the treatments that I have received and there is no one else I would trust to provide such exceptional care. For that reason I urge you to support Bill 5351 to protect my choice and the choices of many others to continue to have skilled aesthetic professionals care for them in the way that they have become accustomed to.

Thank you kindly for your time and consideration.

Sincerely,
Melissa Crisafulli
