Subject: Strong Support for Bill H-5351

Dear Legislator,

I am writing to express my strong support for Bill H-5351. If this bill does not pass, it will have a significant negative impact on my ability to have access the medical care I need. I would loose my freedom to choose the provider of my choice, and my right to be my own advocate. I will be forced to choose between losing my current medical care and my well-being with a provider that is highly credentialed and that I trust wholeheartedly. Please consider the far-reaching consequences for families like mine, the inevitable decline of quality care in Rhode Island and the detrimental effects of Rhode Island's economy and vote in favor of this critical bill. Thank you for your time and support.

Sincerely,

Rebekah LaPointe
