Subject: Fw: Support for Bill H-5351

Attn: Clerk Steve Sepe,

My name is Stacy Smith, and I am a regular client at Citrine Aesthetics med spa in Rhode Island. I recently became aware of the restrictions being placed on nurses regarding Botox and filler injections.

All of my previous treatments have been performed by registered nurses, and they have consistently provided outstanding care. They are highly professional, knowledgeable, and maintain a clean and safe environment for their patients.

I strongly support Bill H5351, which allows nurse practitioners to delegate cosmetic injection procedures to nurses. This bill ensures continued access to skilled and qualified professionals for these treatments.

Thank you for your time and consideration.

Sincerely,
Stacy L. Smith
