Subject: support for Bill H-5351

To Whom It May Concern,

I have been a client of Mary Polizzi at Aspire Dermatology in Warwick, RI for several years. Mary treats my facial skin for redness due to rosacea. The difference that these treatments have made in improving the redness and in my overall appearance have been truly amazing! The improvement of the skin on my face has boosted my self-confidence and I am much more comfortable going out in public without any makeup on. Losing the services Mary provides would be detrimental. I hope you consider the importance of having someone with Mary's credentials to continue to practice doing what she does, as myself and other people greatly benefit from someone like herself.

Sincerely,

Susan Callegari
