**Subject:** Support for bill H-5351 ATTN Clerk Steve Sepe

To whom it may concern,

I am writing to express my support for Bill H-5351. As a patient who has greatly benefited from the care and support of my Nurse Practitioner, I am concerned that if this bill does not pass, I could lose access to the essential services that have been a critical part of my wellness journey.

My Nurse Practitioner has been a trusted partner in my healthcare, providing personalized and consistent care that has significantly improved my quality of life. The potential loss of this relationship would have a negative impact on my overall well-being and disrupt the progress I've made in managing my health.

Please consider the importance of this bill not only for me but for countless others who rely on Nurse Practitioners to maintain their health.

Thank you for your time and consideration.

Respectfully,

Alexis Hardy Greene
