Subject: HB 5990 HB 5861

Dear Representatives,

These bills are being submitted prematurely. The Rules and Regulations of the Certified Lactation Counselors have not yet been posted, making their Scope of Practice unclear per the RIDOH. There also has been no public comment yet posted on the CLC licensing bill. These bills need to be deferred until the licensing requirements are completed.

Thank you for your consideration,

Michael Fink MS Lic.IBCLC
