Subject: Support for House Bill H5859

Dear House Health and Human Services Committee,

I am writing in support of House Bill H5859, which will help small businesses operating on private wells by allowing restroom use without triggering the requirement for a public well. This bill provides a practical solution by requiring appropriate signage while supporting the growth of local businesses.

I support this effort and encourage the committee to pass H5859.

Thank you

Best,
