**To:** House Health and Human Services Committee; SLegislation  
**Subject:** Bills H5426 & S0789

To Whom it May Concern,

I am writing to inform you of Royal Westerly's strong opposition to the H5426 and S0789 bills. These bills will add unnecessary regulatory burdens on an already overregulated profession. The 3% limit on funds that can be taken from the facility will strongly discourage ownership from making much needed investments in their facility. Nursing homes provide a safe environment for our elderly and provide quality healthcare to those who need it. These bills would affect our ability to provide necessary improvements and growth.

Please accept this as my opposition to these two bills.

Sincerely,

Susan Misto  
Administrator  
Royal Westerly
