Subject: Support H 5857

Dear Chair Donovan and Committee Members,

I am writing in support of House Bill 5857, the Reproductive Freedom and Gender Affirming Care Health Data Privacy Act.

This bill is a step to protect consumer health data in regards to reproductive and gender-affirming health care.

This data protection is urgently needed following the overturning of Roe. It should be a right of every Rhode Islander that their health care data is secure, private and protected.

Thank you for your support of this very important bill.
