Hello my name is Robert Crepeau and live in Tiverton, RI. I am asking you to vote against H7100 in an effort to legalize assisted suicide. I truly believe that life begins at conception and is to end a natural death and that Life needs to be protected at all levels. People are human and not animals and we have no right to take, assist in, or allow one to end a life and call it a right. Our founding fathers to our country respected Life when the constitution was written and Trusted in God and his laws (You shall not Kill). Somewhere we now find ways to justify eliminating a life because it is difficult to watch suffering or is a problem interfering in our lives and so lets just discard the individual and make the problem go away. Please reject this bill and any similar bills that are introduced. I know it may not be popular as there is always a great amount of pressure from lobbies and such, but it takes a strong, caring, compasionate individual to do what is right and asked of us by God.

Thank you, Regards,

Robert Crepeau
