Good morning,

As a freshman in high school, I don't have time to write a full testimony about why you should not pass H7370, H7375, and H7529, so I'll just tell you this: if I ended up pregnant today, I would need an abortion. I'm not sexually active and I could only become pregnant through assault. I am 15, and I'm balancing honors classes, activism, a budding writing career, and an anxiety disorder. I do not have the capacity to go through pregnancy and birth, let alone teen motherhood, while processing an assault. An abortion would be life-saving care for me if I became pregnant. Let it save other lives.

Thank you,

Eliza
