**To:** House Judiciary Committee  
**Subject:** Please pass H. 7454/S. 2302

Dear Legislator,

As a constituent, I am writing to urge you to pass H. 7454/S. 2302, which will phase out the sale of new fur products in Rhode Island.

Over 100 million animals are killed annually for their fur, with more than 90% being killed on large-scale fur farms. On these farms wild animals are forced to live in cramped, wire-bottom cages, deprived of the ability to engage in natural behaviors and are killed in inhumane ways, such as electrocution or gassing. The fur industry is also harmful to the environment and a serious source of infectious diseases.

Ending the sale of fur products in Rhode Island will help ensure that the state is doing its part to put an end to the cruel fur industry. By passing H. 7454/S. 2303, we can save countless animals by ending the supply and demand for new fur products in Rhode Island.

Thank you for your consideration.

Bettina Packard  
102 Mountain Laurel Dr.  
Cranston, RI 02920

As a constituent, I am writing to urge you to pass H. 7454/S. 2302, which will phase out the sale of new fur products in Rhode Island.

Over 100 million animals are killed annually for their fur, with more than 90% being killed on large-scale fur farms. On these farms wild animals are forced to live in cramped, wire-bottom cages, deprived of the ability to engage in natural behaviors and are killed in inhumane ways, such as electrocution or gassing. The fur industry is also harmful to the environment and a serious source of infectious diseases.

Ending the sale of fur products in Rhode Island will help ensure that the state is doing its part to put an end to the cruel fur industry. By passing H. 7454/S. 2303, we can save countless animals by ending the supply and demand for new fur products in Rhode Island.

Thank you for your consideration.

Colleen Molt  
346 Shumankanuc Hill Rd

On these farms wild animals are forced to live in cramped, wire-bottom cages, deprived of the ability to engage in natural behaviors and are killed in inhumane ways, such as electrocution or gassing. The fur industry is also harmful to the environment and a serious source of infectious diseases.

Ending the sale of fur products in Rhode Island will help ensure that the state is doing its part to put an end to the cruel fur industry. By passing H. 7454/S. 2303, we can save countless animals by ending the supply and demand for new fur products in Rhode Island.

Thank you for your consideration.

**To:** House Judiciary Committee  
**Subject:** Please pass H. 7454/S. 2302

Dear Legislator,

As a constituent, I am writing to urge you to pass H. 7454/S. 2302, which will phase out the sale of new fur products in Rhode Island.

Over 100 million animals are killed annually for their fur, with more than 90% being killed on large-scale fur farms. On these farms wild animals are forced to live in cramped, wire-bottom cages, deprived of the ability to engage in natural behaviors and are killed in inhumane ways, such as electrocution or gassing. The fur industry is also harmful to the environment and a serious source of infectious diseases.

Ending the sale of fur products in Rhode Island will help ensure that the state is doing its part to put an end to the cruel fur industry. By passing H. 7454/S. 2303, we can save countless animals by ending the supply and demand for new fur products in Rhode Island.

Thank you for your consideration.

The fur industry tortures these helpless animals from birth to death. They never know humane treatment. I have watched the videos of fox fur farms and those images never leave you. I actively support an organization that pays fur farmers to stop being fur farmers and saves the remaining foxes. There is great support to end fur farming. Those still buying fur tend to be celebrities and those trying to emulate them. It is not the educated or thoughtful populace. We no longer need fur to stay warm. We have evolved past this and know better now. We also have a duty to protect those without a voice and those who can't protect themselves. Please phase out the sale of new fur products in Rhode Island; it truly is a heinous industry that needs to end. Thank you for your consideration and time.

Dear Legislator,

As a constituent, I am writing to urge you to pass H. 7454/S. 2302, which will phase out the sale of new fur products in Rhode Island.

Over 100 million animals are killed annually for their fur, with more than 90% being killed on large-scale fur farms. On these farms wild animals are forced to live in cramped, wire-bottom cages, deprived of the ability to engage in natural behaviors and are killed in inhumane ways, such as electrocution or gassing. The fur industry is also harmful to the environment and a serious source of infectious diseases.

Ending the sale of fur products in Rhode Island will help ensure that the state is doing its part to put an end to the cruel fur industry. By passing H. 7454/S. 2303, we can save countless animals by ending the supply and demand for new fur products in Rhode Island.

Thank you for your consideration.

Sophie Garabedian  
81 Douglas Ave  
Providence, RI 02908-3224

As a constituent, I am writing to urge you to pass H. 7454/S. 2302, which will phase out the sale of new fur products in Rhode Island.

Over 100 million animals are killed annually for their fur, with more than 90% being killed on large-scale fur farms. On these farms wild animals are forced to live in cramped, wire-bottom cages, deprived of the ability to engage in natural behaviors and are killed in inhumane ways, such as electrocution or gassing. The fur industry is also harmful to the environment and a serious source of infectious diseases.

Ending the sale of fur products in Rhode Island will help ensure that the state is doing its part to put an end to the cruel fur industry. By passing H. 7454/S. 2303, we can save countless animals by ending the supply and demand for new fur products in Rhode Island.

Thank you for your consideration.

Dee Levesque  
34 Virginia Ave  
East Greenwich, RI 02818

As a constituent, I am writing to urge you to pass H. 7454/S. 2302, which will phase out the sale of new fur products in Rhode Island.

Over 100 million animals are killed annually for their fur, with more than 90% being killed on large-scale fur farms. On these farms wild animals are forced to live in cramped, wire-bottom cages, deprived of the ability to engage in natural behaviors and are killed in inhumane ways, such as electrocution or gassing. The fur industry is also harmful to the environment and a serious source of infectious diseases.

Ending the sale of fur products in Rhode Island will help ensure that the state is doing its part to put an end to the cruel fur industry. By passing H. 7454/S. 2303, we can save countless animals by ending the supply and demand for new fur products in Rhode Island.

Thank you for your consideration.

Dear Legislator,

As a constituent, I am writing to urge you to pass H. 7454/S. 2302, which will phase out the sale of new fur products in Rhode Island.

Over 100 million animals are killed annually for their fur, with more than 90% being killed on large-scale fur farms. On these farms wild animals are forced to live in cramped, wire-bottom cages, deprived of the ability to engage in natural behaviors and are killed in inhumane ways, such as electrocution or gassing. The fur industry is also harmful to the environment and a serious source of infectious diseases.

Ending the sale of fur products in Rhode Island will help ensure that the state is doing its part to put an end to the cruel fur industry. By passing H. 7454/S. 2303, we can save countless animals by ending the supply and demand for new fur products in Rhode Island.

Please pass this very important legislation that would phase out the sale of fur products in RI. The fur industry is cruel and barbaric and it's beyond time for it to end. Thank you.

Dear, Representative Brianna Henries, and Senator Valerie Lawson,

Our human-dominated world is already too cruel to animals with climate change and loss of habitat due to human encroachment.

Please, let's not make it worse!!

David

Thank you for your consideration. No animal should be killed for its fur. The fur industry should have never been able to exist. It's barbaric , inhumane cruelty and it needs to be abolished. Please make sure this abhorrent behavior is ended immediately!
