Dear Legislator,

As a constituent, I am writing to urge you to pass H. 7454/S. 2302, which will phase out the sale of new fur products in Rhode Island.

Over 100 million animals are killed annually for their fur, with more than 90% being killed on large-scale fur farms. On these farms wild animals are forced to live in cramped, wire-bottom cages, deprived of the ability to engage in natural behaviors and are killed in inhumane ways, such as electrocution or gassing. The fur industry is also harmful to the environment and a serious source of infectious diseases.

Ending the sale of fur products in Rhode Island will help ensure that the state is doing its part to put an end to the cruel fur industry. By passing H. 7454/S. 2303, we can save countless animals by ending the supply and demand for new fur products in Rhode Island.

Thank you for your consideration.

Neglect and abandonment is cruelty and abuse..🙄😞💔💔💔💔 I don't care if people ask why I am angry about this issue... But, my feelings and opinion about these kind of 💔👤 people will never change...! DO NOT EVER BREAK THEIR LOYAL...TRUSTING...LOVING HEARTS🙄❤️

Everyone who wants to profit from them or bring a pet home has to be screened for their physical, mental, emotional, financial ability & time commitment to be a responsible pet parent. They are not things to be purchased or owned...!! 😡

We want to see every abuser publicly punished and both parents and related family whether they are together or not need to be physically present, when then punishment is meted out...we need to see the follow up on this...showing us their evil ugly faces on social media will help some the entire community know who these people are and we can ban them from society interaction...their own entire family has to ban them out of their lives 😞😡😡😡😡😡😡

I wish allll the good people in alllll the countries on this planet demand a "SAME SAME...SHAME SHAME"

We NEED a UNIVERSAL Law against children and animal abuse- NOW...!! 😡😡😡😡😡😡😡❤️

Dear Legislator,

As a constituent, I am writing to urge you to pass H. 7454/S. 2302, which will phase out the sale of new fur products in Rhode Island.

Over 100 million animals are killed annually for their fur, with more than 90% being killed on large-scale fur farms. On these farms wild animals are forced to live in cramped, wire-bottom cages, deprived of the ability to engage in natural behaviors and are killed in inhumane ways, such as electrocution or gassing. The fur industry is also harmful to the environment and a serious source of infectious diseases.

Ending the sale of fur products in Rhode Island will help ensure that the state is doing its part to put an end to the cruel fur industry. By passing H. 7454/S. 2303, we can save countless animals by ending the supply and demand for new fur products in Rhode Island.

Thank you for your consideration.

On these farms wild animals are forced to live in cramped, wire-bottom cages, deprived of the ability to engage in natural behaviors and are killed in inhumane ways, such as electrocution or gassing. The fur industry is also harmful to the environment and a serious source of infectious diseases.

Ending the sale of fur products in Rhode Island will help ensure that the state is doing its part to put an end to the cruel fur industry. By passing H. 7454/S. 2303, we can save countless animals by ending the supply and demand for new fur products in Rhode Island.

For the sake of all the suffering animals, please pass H.7454/S. 2302. Thank you for your consideration.

Dear Legislator,

As a constituent, I am writing to urge you to pass H. 7454/S. 2302, which will phase out the sale of new fur products in Rhode Island.

Over 100 million animals are killed annually for their fur, with more than 90% being killed on large-scale fur farms. On these farms wild animals are forced to live in cramped, wire-bottom cages, deprived of the ability to engage in natural behaviors and are killed in inhumane ways, such as electrocution or gassing. The fur industry is also harmful to the environment and a serious source of infectious diseases.
