**To:** House Judiciary Committee  
**Subject:** Please pass H. 7454/S. 2302

Dear Legislator,

As a constituent, I am writing to urge you to pass H. 7454/S. 2302, which will phase out the sale of new fur products in Rhode Island.

Over 100 million animals are killed annually for their fur, with more than 90% being killed on large-scale fur farms. On these farms wild animals are forced to live in cramped, wire-bottom cages, deprived of the ability to engage in natural behaviors and are killed in inhumane ways, such as electrocution or gassing. The fur industry is also harmful to the environment and a serious source of infectious diseases.

Ending the sale of fur products in Rhode Island will help ensure that the state is doing its part to put an end to the cruel fur industry. By passing H. 7454/S. 2303, we can save countless animals by ending the supply and demand for new fur products in Rhode Island.

Please save the animals

Annie Jones  
11 Park view Drive  
Chepachet, RI 02814

Raising and killing animals for their fur to satisfy the vanity and need to show off social status of humans is unconscionable in this day and age when there are so many faux alternatives. Wealthy individuals do not need to display their wealth at the expense of animals who suffer tremendously for their vainglory. All fur products need to be banned in Rhode Island now.

Thank you for doing something about this issue. Too many animals suffer at the hands of humans and it needs to end.
