Subject: Please pass H. 7454/S. 2302

Dear Legislator,

As a constituent, I am writing to urge you to pass H. 7454/S. 2302, which will phase out the sale of new fur products in Rhode Island.

Over 100 million animals are killed annually for their fur, with more than 90% being killed on large-scale fur farms. On these farms wild animals are forced to live in cramped, wire-bottom cages, deprived of the ability to engage in natural behaviors and are killed in inhumane ways, such as electrocution or gassing. The fur industry is also harmful to the environment and a serious source of infectious diseases.

Ending the sale of fur products in Rhode Island will help ensure that the state is doing its part to put an end to the cruel fur industry. By passing H. 7454/S. 2303, we can save countless animals by ending the supply and demand for new fur products in Rhode Island.

Thank you for your consideration.

No animal need ever be used for a coat or any other clothing - it's sickening cruel and truly unloving. That's not what we're here for - we are here to LOVE all not skin some for coats and eat the others for fun.

We are all mother natures creatures and furry feathered or snake skinned they all deserve respect and LOVE.

Subject: Please pass H. 7454/S. 2302

Dear Legislator,

As a constituent, I am writing to urge you to pass H. 7454/S. 2302, which will phase out the sale of new fur products in Rhode Island.

Over 100 million animals are killed annually for their fur, with more than 90% being killed on large-scale fur farms. On these farms wild animals are forced to live in cramped, wire-bottom cages, deprived of the ability to engage in natural behaviors and are killed in inhumane ways, such as electrocution or gassing. The fur industry is also harmful to the environment and a serious source of infectious diseases.

Ending the sale of fur products in Rhode Island will help ensure that the state is doing its part to put an end to the cruel fur industry. By passing H. 7454/S. 2303, we can save countless animals by ending the supply and demand for new fur products in Rhode Island.

Thank you for your consideration.

On these farms wild animals are forced to live in cramped, wire-bottom cages, deprived of the ability to engage in natural behaviors and are killed in inhumane ways, such as electrocution or gassing. The fur industry is also harmful to the environment and a serious source of infectious diseases.

Ending the sale of fur products in Rhode Island will help ensure that the state is doing its part to put an end to the cruel fur industry. By passing H. 7454/S. 2303, we can save countless animals by ending the supply and demand for new fur products in Rhode Island.

Thank you for your consideration.

Subject: Please pass H. 7454/S. 2302

Dear Legislator,

As a constituent, I am writing to urge you to pass H. 7454/S. 2302, which will phase out the sale of new fur products in Rhode Island.

Over 100 million animals are killed annually for their fur, with more than 90% being killed on large-scale fur farms. On these farms wild animals are forced to live in cramped, wire-bottom cages, deprived of the ability to engage in natural behaviors and are killed in inhumane ways, such as electrocution or gassing. The fur industry is also harmful to the environment and a serious source of infectious diseases.

Ending the sale of fur products in Rhode Island will help ensure that the state is doing its part to put an end to the cruel fur industry. By passing H. 7454/S. 2303, we can save countless animals by ending the supply and demand for new fur products in Rhode Island.
