Subject: Harters law

I would like to encourage that this law be passed. I saw some of the abuse suffered by my cousins Lisa and David Harter and even though I was too young to recognize what exactly was going on I knew something was not right. Those that abuse helpless children need to be held accountable for their actions. We as adults are the only ones able to stand up for the abused, tortured, and broken lives of the survivors that were able to make it out alive and try to rebuild a life after the nightmare they were put through. This law needs to be passed.
