Subject: Support H5721 avoiding fines for landlords who certify lead mitigation law compliance

Dear Committee Clerk DiMezza,

This is to support H5721 which would abate fines for those who had lead certificates but could not renew them due to lack of lead inspectors.

It has been almost impossible to get lead inspections. Fines should not be imposed until there are enough lead inspectors to catch up with the number of units that are ready to be inspected.

Thank you for your consideration of this matter.

.

Sincerely,

Janice Hannert
