Dear Committee Clerk DiMezza,

Thank you for your time.

It is important that we strike a balance with the new lead & rental registry law. The reality of the situation is that the all-encompassing approach has caused a massive burden on an already strained system. Rhode Island does not currently have the capacity to do what the new law calls for. The increase in demand without a labor supply, coupled with inflation, during an already troubling housing crisis, is a worrisome problem that is not going to go away anytime soon. The rental housing market is slated to incur millions of dollars in additional operational expenses as a direct result of this legislation. This undoubtedly will be passed on to tenants unless something is done now. We must focus our efforts where it counts - children under 6 - and leave the rest of our housing stock for a time that makes sense. Preserving affordability and housing availability in our state is imperative, including for our aging, fixed-income populations, that are not at-risk of possible lead exposure. Thank you for considering these carefully crafted pieces of legislation.

Sincerely,

Lynn Weinstein
