H 5436 - I oppose this bill.

I oppose H 5654 on the basis of the overly broad nature and overreach of this bill. This is not a regulation; it is an effective prohibition for those not currently owning them. There is no effort to provide background checks and documentation, there is no effort to remove any firearm from those that should not own them; either this is a stepping stone to ban ownership, or this is a crude attempt to ham-fist a 1990s bill into the modern era. This is not a local bill, this is a Special Interest bill using their language to impact our State.

In a time where there is a growing movement by women, people of color, and those with the LGBTQ+ community to learn about and purchase firearms, I find it disconcerting that now is the time to ban any further purchases of such firearms.
