**H 5935 – I support this bill.**

**I support H 5935 on the basis that it adds protections to those attempting to follow the law, affords special protections for those escaping during an evacuation, improves protections to those who have faced excessive costs to safely run their business and lives, adds transparency to a process long abused or obscured, and that it ensures equal protection under the law, regardless of race, sex, gender, orientation, or any other reasons municipalities may wish to selectively enforce the law.**
