HERE IS MY PERSONAL STORY of what FREE
PHONE CALLS will benefit MEN & WOMEN who
ARE INCARCERATED.

Communication with the outside world
in prison is a life-line. Incarceration on its
own is a death sentence to some degree.
For many of us being able to call without the
burden of having our love ones pay for it will be
amazing. So much of our financial burdens fall
on the shoulders of our love ones & its just alot
for them to deal with. On many occasions I personally
have discussed the burden of calling love ones
due to the cost of the call. Its so challenging
for us (prisoners) to stay connected to the
outside world however when the cost of that
connection is taken into consideration its even
more challenging. I pose this simple question
why should money be a factor if I
speak to my love ones?
