To the Freedom Collective

The reason we should receive free phone call is that our families don't have the means to spend extra money for the phone with the ~~cost~~^{cost} of everything going up. Also our state pay is not enough to put money on the phone. When you have to buy soap, toothpaste and shampoo the little I have left over sometimes goes on the phone. I have no extra to get anything else.

Being able to talk to loved ones helps with mental health. No one cares at all about you while in prison. All we are is a pay check. By being able to talk to loved ones about getting that A in school or finishing a program ~~boost~~ self-esteem.

We put ourselves in prison however we or our families should not have to suffer because of paying for the phone.

I myself look forward to talking to loved ones and they love talking to me. Without having the phone I would be in trouble alot more. I hope you can find it in your heart to ~~grant~~ grant us free phone calls. I would and I'm sure others feel the same way be very grateful and my mental health would improve a great deal. Thank you for listening

Sincerely

Gary Rasey
