Dear Committee members--

As a long time educator and resident of Providence, I ask that you support [H5225](#). We are a state made strong by our immigrants and by an educated population, and under the current federal administration's policies many of our students and families now live in fear of being detained by immigration (which has demonstrably made serious errors). Our schools need to be safe spaces for all learners, and so we need to prohibit immigration enforcement there.

Please support this bill.

Thank you,

***Philip H. Hall***
