As the proud grandchild of an immigrant, I believe that migration is a beautiful and necessary part of human existence. Immigrants in Rhode Island bring so much light, joy, intelligence, innovation, and love to our communities. I believe wholeheartedly that Rhode Island needs to follow the lead of other states and end all contracts with ICE. Immigrant detention is a despicable, disgusting practice that has no place in RI. People should be able to figure out their immigration situation at home with their families rather than in torturous prisons such as the Wyatt. End ICE contracts in Rhode Island and protect immigrant families. We will remember the choice each of you make.
