Dear Members of the House Judiciary Committee,

Kloeblen. I live at 693 Hope Street Bristol RI 02809. I support Bill H5724 which prohibits State and local government officials from entering or renewing agreements with ICE. I have had only positive relationships with immigrants. Their strength, character and resilience is noble . Their contributions to our RI economy are important. We here in Rhode Island have to do all we can to protect our immigrants and their families. You as our legislators can help fight back against Trump's executive orders to devastate and terrify immigrants .Your ability to support this Bill helps protect our civil society of crumbling into a police state. Please uphold our Constitution and remember your own family's immigrant story. Think of all of their contributions to this country.Please support Bill H5724.

My name is Kathleen
Thank you, Kathleen
