Subject: House Bill No. 6211

I am writing today in support of House Bill No. 6211

By Noret, Read, Serpa, Hull, Casimiro, Dawson, Craven
Entitled: An act relating to Motor and other vehicles – Motor vehicle offenses
Requires persons convicted of driving under influence or refusal to submit to chemical test, have an ignition interlock system installed in vehicle as part of sentence and to pay an assessment to pay for the interlock systems.

As mother to a victim of impaired driving, I know firsthand the devastating consequences that come from driving under the influence.

As Founder of the Tori Lynn Andreozzi Foundation, I also know my family is far from the only ones in our state who live each day suffering from the actions of others behind the wheel.

While it may be too late to spare us from this 100% preventable crime, we have the opportunity to prevent others from joining the ranks of experiencing this unimaginable pain.

Passage of House Bill No. 6211 will add a useful item to the toolbox of prevention. Enforcement, education and enacting of House Bill No. 6211 will surely help to prevent further carnage on our roadways.

I respectfully ask for your help for the safety and sake of all Rhode Islanders.

Sincerely,

Cathy Andreozzi

When you come to the edge of all
the light you know,
and are about to step off into the
darkness,
faith is knowing one of two things
will happen...
there will be something solid to
stand on, or you will learn to fly.
