Good Day. I am here to voice my opposition to these bills in any form. Your mag capacity ban was said to be the answer to all our problems, but here you are, chipping away again at a constitutionally protected right. RI already has some of the toughest firearms legislation in the country, so enforce the laws we already have! Stop the plea bargains on gun violations! If some low life drug dealer selling meth gets caught with a firearm, lock him/her up. 5 years is the mandatory sentence on a mag capacity violation, correct? Regarding Sub A, I do not see anywhere in there or the original bill where hunting is a legally permitted use. That certainly needs to be rectified whether it was intentional or oversight when this bill was crafted. The mental health crisis in this country is where your efforts should be focused, folks like myself who like to target shoot a few times a month are not the problem. Thank You. Regards, Neil Chapman, Richmond RI
