Again I'd like to reiterate that you're only making legal owners criminals if you pass an assault weapons ban. Criminals don't follow the laws. The cops aren't legally sworn to protect and serve and you're crippling our defense against tyrannical government. With infringements such as the one you are trying to pass today, is the definition of tyrannical. I will not re-elect anyone who votes to ban our constitutional protection, and votes to make us criminals instead of prosecute criminals themselves. You want us as slaves, as the 2nd amendment is fundamental for the security of a free state.

A weapon Registry is how the government will round up its citizens by gathering its defensive residents first. What happens when democracy fails? The cops are supposed to be protect who then?what cops are there during anarchy? Military? It is our constitutional right to keep and bear arms. Do your job and prosecute the real criminals and make the police protect and serve like they're supposed to.

I will personally campaign against each of your re-elections if you vote to pass the infringement law. You must be working with the nazis or the guy who wants to be king and not president.

No ban, no registration, no disarming the citizens for your power.
