To the House Judiciary Committee and clerk, Roberta DiMezza - I note that this bill is moving forward to a vote in your committee, possibly on June 3. I strongly advocate for passage of this bill to ban assault weapons in RI. For too long we have witnessed the carnage done by high-power automatic weapons designed to kill as many people as possible in the shortest time. I do not want to wait to act until this kind of tragedy occurs at our doorstep. We know these events are unfortunately all too common. One way we have some power to disrupt this pattern is to restrict the sale of these weapons here and to join with our neighboring states to do so. Please vote to approve this bill. All of us in RI will feel safer. Thank you for the work you do to make this state a better place.
