Please send to judiciary committee members.

I urge you to pass H5436A, the Assault Weapons Ban of 2025, to the Floor with a recommendation for passage.

These weapons were designed for one purpose. To kill large numbers of people quickly. And have been used to devastating effect for that purpose time after time in the US.

We can't wait for a tragedy to happen in RI. After years of hearings, it's time for a vote.

Thank you, in advance, for this critical vote to keep Rlers safe.
