Dear Honorable Members of the House Judiciary Committee,

I was been present at the ICE arrest in Warren RI on Nov. 11, 2025. I can attest to the chilling spectacle of heavily armed masked men, with no official uniforms, sitting for hours in unmarked cars with dark, illegally tinted windows.

We have all since learned that ICE agents and CBP agents are not sharing info with local law enforcement and are proceeding as if they are above the law. And apparently this is the case, as they seem unaccountable to the law as we have known if for centuries.

Concealing their faces is just one more way of frightening and terrorizing whole populations. And that seems to be the goal.

Why are we enabling this?

If they want to be seen as legitimate LEOs, they should be made to act like them. And Americans have a right to feel safe on their streets and public places.

Thank you for reading.

Sincerely,
