Dear Honorable members of House Judiciary Committee,

I am writing in support of House Bill 7211 of the 2026 session.

Everything about the way ICE agents is abhorrent (the lack of due process being the absolute worst aspect). Without being able to address that directly, at least the state of Rhode Island can take action for more transparency by prohibiting the wearing of masks and requiring official identification for all officers of the law.

In court we require that the defendant be allowed to face their accuser. The same should be permitted for those being swept off our streets. Transparency and accountability are the first steps in reining in the heinous acts of the Immigration police.

Thank you,  
Nancy Kellner
